#### **Issues of general interest to the group**

Prostate Cancer UK have a pot of money and are interested in working with a partner locally to help fill any identified gaps.

Louise Jackson, Prostate Cancer UK, Community support services manager (Midlands) will send out a survey locally to help identify gaps.

Roger will contact the local support group.

Roger is also hoping to attend a prostate only Health & Wellbeing clinic that is being trialled at the Queen Elizabeth hospital in Birmingham. (This will also be useful information for the locally proposed health and wellbeing clinics which are going to be open to generic cancers)

We offered to help raise awareness of the Check List by sending a letter and the checklist to all GP's. Louise will provide a draft letter which she is happy for us to add our logo too.
